

DynCorp International LLC
Afghanistan Police Program
Kabul, Afghanistan

Letter of Commendation

3 April 2008

To: Whom It May Concern.

Reference: Zadrán Group of Companies

DI wishes to commend the Zadrán Group of Companies for their excellent efforts in providing the quality services given DynCorp International (DI) since 2005. Zadrán has provided DI with fuel, vehicle transportation, blackwater and trash removal, cleaning services and other various logistical support services to our seven (7) Regional Training Centers (RTCs) located throughout Afghanistan.

Emphasis should be placed on Zadrán's quick response time to our immediate and at times urgent needs, along with those of our customer.

This company has proven itself to be a valuable team player to our company. DI without reservation, recommends this company to fulfill any logistical support service requirements in Afghanistan.
