Etisalat Afghanistan
Supreme Tower
Share-Naw, Kabul

To Whom It May Concern;

This is to certify that Zadran Company has been assigned by Etisalat Afghanistan Telecom Company to provide diesel fuel to Etisalat BTS sites and offices in 2008.

The company has been supplying fuel incessantly to several provinces across the country and so far has been able to meet our deadlines and expectations by reaching to remote regions and hard-to-go locations.

I recommend this company to whoever concerned, and wish them further success.

Yours sincerely,

Shaun M. Brogan
Administration & Procurement Director
